

International Winter Swimming Association is happy to announce  
**6TH INTERNATIONAL FESTIVAL FOR WINTER SWIMMING IN SPRINGS**

We have the privilege to invite our member countries to join us for the unique Winter Swimming in the Springs Festival in the City of Jinan in Shandong Province, China. For the first time, this event will be a stage of the IWSA World Cup, with the competition taking place in the beautiful ancient City of Taierzhuang.

Our Chinese partner has planned a 10-day program that includes transport, accommodation, meals and different activities during the festival.

The program for 10 days has two pre-tour options, one from Beijing and one from Shanghai. You need to choose your international flight to one of the cities. We recommend you to plan your arrival either on the morning of January 11, or if you want to arrive earlier, you can plan that yourself. The official event program will start on January 12 (you can find the hotel information enclosed). There will be full guidance during the pre-tour trip, so you don't need to worry if you are for the first time in China.

The first part of the Festival includes the swim across the Daming Lake in Jinan. The distance is 300 meters and water temperature is approx. +4 C. There will be a lot of Chinese participants in the Jinan swim and one unusual thing is that, according to the Chinese tradition, they will give small money awards, so if you swim well - you have a chance of receiving such an award as a part of top 20 of your age group.

For the first time, a visit to Jingzhou city in Hubei province, with it's 2399 years of history, is included in the Festival program. You can enjoy swimming with the locals in the still water of +5C with a sunny beach and a small island about 250 m from the shore.

Our partner, The Shandong Province Tourist Board, will support us as their main goal is to get swimmers from 20 different countries. For this purpose, we can invite 3 persons per country for the subvented price.
